Our National Impact

The American Cancer Society offers support in your community and online at every step of the cancer journey.

[24/7 Cancer Helpline](#)

Our helpline provides 24/7 support by connecting you with trained cancer information specialists who can provide guidance and help find answers through phone, video calls, and online live chat.

[cancer.org](#)

Our website is a highly trusted source of accurate, evidence-based cancer information for people facing cancer, their families, and their caregivers.

[Road To Recovery®](#)

One of the biggest roadblocks for people needing cancer treatment can be the lack of transportation. That's why the American Cancer Society Road To Recovery® program provides free rides to treatment through volunteer drivers.

[ACS CARES™](#)

If you or someone you love has been diagnosed with cancer, deciding what's next can be overwhelming. Now you can get one-on-one support and the quality curated information you need in a new digital app for easy access, available anytime and anywhere.

[Reach To Recovery®](#)

If you have breast cancer, you may want to connect with someone who knows what you're feeling – someone who has “been there.” The American Cancer Society Reach To Recovery® program connects people facing breast cancer with trained volunteers who are breast cancer survivors.

[Cancer Survivors NetworkSM](#)

Our Cancer Survivors Network (CSN) is a free online community where survivors and caregivers share their stories, ask questions, and get support from each other. With a chat room and more than 40 discussion boards, CSN allows you to connect with others who have a similar cancer experience.

[Caregiver Support](#)

Our ACS Caregiver Resource Guide provides information for people who are caring for someone with cancer. It can help you better understand what your loved one is going through, develop skills for coping and caring, learn how to care for yourself as a caregiver, and take steps to help protect your health and well-being.

[Hair Loss and Recovery Care](#)

Looking and feeling like yourself during and after cancer treatment is important to you. And it's important to us. At EverYou™, you'll find a curated collection of quality wigs, headwear, and recovery care products including bras and breast forms.

More than **81%** of our revenue is invested in delivering our mission.

1M+

The only nonprofit with over one million volunteers working in local communities across the US and Puerto Rico.

Every 15 seconds, someone in the US is diagnosed with cancer.

Your donation helps improve lives.

The American Cancer Society is a leading cancer-fighting organization with a vision to end cancer as we know it, for everyone. We are improving the lives of people with cancer and their families as the only organization combating cancer through advocacy, research, and patient support, to ensure everyone has an opportunity to prevent, detect, treat, and survive the disease.

\$7,500

covers the cost of providing additional mentorship to interns through our Diversity in Cancer Research (DICR) Training.

\$10,000

could provide a six-week stay at a Hope Lodge® community for three people with cancer and their caregivers.

\$15,000

could provide over 300 rides through our **Road To Recovery®** program.

\$20,000

Could allow us to provide program coordination, planning, and tracking for the ACS CARES program for two weeks.

\$30,000

could provide 750 people with a cancer information specialist to get education and answers about their diagnosis, symptoms, treatment, and side effects through our 24-hour helpline.

\$50,000

could provide approximately 75% of the total need for one institution to provide mentorship and networking for a student in their postbaccalaureate fellowship program.
